Education

Universidad de Buenos Aires (UBA)

Bachelor's Degree in Computer Engineering

Buenos Aires, Argentina

2019 - 2024

Stanford Online & DeepLearning.AI

Machine Learning Specialization

Natural Language Processing Specialization

Online

2023

2023

Colegio Nacional de Buenos Aires

High School Diploma with a concentration in Science and Engineering

Buenos Aires, Argentina

2011 – 2017

Experience

Muttdata

Data Engineer

Buenos Aires, Argentina

Jun 2024 – Present

- Developed end-to-end data pipelines using **Python, Spark, and SQL** on **Databricks**, enabling scalable data processing
- Migrated pipelines from **Snowflake** to **Databricks**, optimizing architecture and reducing processing costs
- Replaced query-based scheduled processes with orchestrated workflows using **dbt** and **Airflow**, improving maintainability and observability
- Refactored queries and data models, reducing execution time and data processing costs in production environments
- Designed data models and pipelines for ingestion, transformation, and downstream consumption
- Automated report generation and data loading processes, eliminating manual tasks and improving operational reliability
- Collaborated with stakeholders to define requirements, design solutions, and prioritize initiatives

Facultad de Ingeniería, UBA

Teaching Assistant – Ingeniería de Software II

Buenos Aires, Argentina

Mar 2024 – Present

- Acted as **Product Owner** for academic projects, defining and prioritizing backlog items for development teams
- Led weekly progress meetings, tracking deliverables and ensuring alignment with project goals
- Mentored students in software development best practices, system design, and project management
- Provided technical support in implementation and architectural decisions

Skills & Interests

Technical: Python, SQL, Spark, dbt, Airflow, Databricks, AWS

Certifications:

- AWS Certified Data Engineer – Associate
- Databricks Certified Data Engineer – Associate

Language: Spanish (Native), English (Advanced), Portuguese (Advanced)

Interests: Data Engineering, Machine Learning, Artificial Intelligence, Music
